Mother: ELIZABETH SCOTT

Extracted birth or christening record for the locality listed in the record.

Marriage details not in online IGI.

Elizabeth could have married by then.

No unmarried Elizabeth Scott living in Derbyshire aged 35 to 55 in 1841 census.

Because 1841 census only records whether a person was born in the recorded county, then anyone living outside their birth county can only be traced if a family unit can be traced. There is no sign of Robert or Elizabeth living in Derbyshire. We have found a 20 year old Robert living with a 45 year old Elizabeth (and George) in London. George was a sailor and could have been away from home when Robert's birth was registered in Chesterfield but it is most unlikely that the father would not be named.
