All data ex IGI / Chesterfield OPR per Joan Smedley 15 – 01 – 1989

N.B. All IGI details for this family seem to have been submitted by a member of the LDS Church.

Clearly if this is true then the Elizabeth (2nd child of the above family) cannot be the Elizabeth Sidall that married William Clark in 1816.

But a witness at the marriage of Elizabeth Siddall & William Clark was a Kitty Siddall, who was the only known survivor, in June 1816, of the children from the above family.

No John or Helen Siddall born 1756-1766 still alive per 1841 Census
