William's christening in Chilcote identifies his parents as George & Ann Coulton. The IGI batch number for this entry is C036932 and it refers solely to christenings in Chilcote. The above 3 christenings are the only Coulton christenings between 1725 and 1765 in Chilcote and all children have parents George & Ann COULTON. Since both Elizabeth and William seem to have had children christened in Chilcote it is unlikely that the family moved away from the area, so it is likely that the above is the full family of George and Ann COULTON. Given the earliest of these christenings was 1747, the marriage of George COULTON and Ann SHERWOOD is the only marriage of a George Coulton to an Ann anywhere in England between 1740 and 1750. The only concerns are 1) Ann is 5 years older than George and b) the marriage was in early November and the christening was at the end of December. But there seems to be no other alternative.

Elizabeth had a son Isaac COULTON (ch. 21-11-1773) who married Hannah LINDSAY at Clifton Campville, Staffs. on 12-11-1793. Isaac & Hannah had a son Joseph who married Jane ?? and they had 7 children.

We have no information about Mary.

William married Hannah MOUSLEY and their details are in family sheet 176.

Given that George was married in 1747, a search of IGI records shows that 15 George Coulton's were christened in England between 1710 and 1730. Of these the following was the only reasonable one, being local and taken from an actual transcription of a parish register, rather having been added later by a member of the LDS Church.
