

1841 Girthon Census : 38 households living in Birtwhistle Street

There appear to have been 13 houses on the north side of Birtwhistle Street and 11 on the south side. So there must have been multiple occupancy. We do not know at which end of the street the enumerator started nor which side of the street came first. All we know is the sequence of data entry. The 38 households contain 161 inhabitants. Each number below that appears alongside "Birtwhistle Street" is the household number, not the modern house number or address.
